How to Retard Inflation

ANOTHER tax increase was passed as a means of retarding inflation. We are told that it will siphon off purchasing power, and so reduce the demand for goods and services. Let's see if it will. If it does, it will tend to stop further advance in prices.

We have explained again and again that this thinking is erroneous. The tax increase will

CARD OF THANKS

We wish to express our sincere appreciation to our many friends who shared our sorrow with us following the sudden death of our son, James Earnest Farris. Also we want to thank Dr. Crook and all the staff at the Elba General Hospital for being so faithful. Thanks for all the food, flowers and prayers. May God bless each of you.

AN AGING PROBLEM
"CRUMBLING" BONES

Osteoporosis is a loss of calcium in the bones. The bones become less solid. This can cause more frequent fractures. Some changes in the joints may result, causing arthritis-type pains. Women past their menopause are susceptible because hormone changes can result in a calcium loss without sufficient replacement of new calcium to the bones.

Relief is slowly possible. Your physician may prescribe a special vitamin supplement to encourage depositing of calcium. Often intake of hormones is helpful. The diet should include calcium-rich foods.

Rucker Museum To Open On November 26

A bigger and better Army Aviation Museum will officially open its doors on Nov. 26 to Ft. Rucker personnel and residents of the surrounding communities with a formal ribbon-cutting ceremony at 8 a.m.

Scheduled to speak at the opening of the new Museum quarters, Building 6007 at Fourth Avenue and 22nd Street, are Major General Delk M. Oden, Ft. Rucker, 2nd commanding general, and Brigadier General Hal C. Patterson, chief of the military history, Department of the Army.

Following the ribbon cutting, the guests will be taken to tour the Museum. Designated as the official repository of all Army aviation historical items, the Museum traces the 26 years of organic aviation in the Army's ground units and its expansion in scope and mission capability due to equipment development and aviation personnel training.

The second main reason why a tax increase will not retard inflation is that an on pressure for increased wages is not abate just because demand in certain lines might be reduced. The history of union demands in recent years shows no respect for an employer's lack of ability to meet the increases. For instance, the subway in New York have long been losing money, but they do not stop the transport workers union from demanding higher and higher pay. The post office always runs at a deficit, but postal workers demand and receive regular increases.

The way to retard inflation is to stop increasing the quantity of money (last year's increase was \$34 billion), to cut down spending and to balance the budget. To be sure, the way makes it more difficult to do this, but civilian spending far exceeds military spending and is increasing at a far more rapid rate.

NEVER PICK UP A STRANGER. Last year, 1000 persons were killed in the United States in road accidents. Many of these were hitchhikers. It is estimated that thousands of drivers who stopped for hitchhikers "made the statistics" as well.

The Three-In-One Met November 7

The Three-In-One Study Club met Thursday evening, November 7, in the home of Mrs. Sam Sawyer, home of Mrs. Bessie Bullock, Mrs. E. M. Warr, Mrs. Iard, Miss Gladys Clark, J. D. Whitman and Mrs. and Mrs. L. A. Boyd III Paul Windham.

During the business session, conducted by Mrs. E. M. Warr, president, plans were made to send Christmas gifts to Seary Hospital patients and members were to bring individual gifts to the December meeting. A list of the blind-made goods ordered by the club members were given by Mrs. Pauline Allen, chairman of the sale.

The November meeting of the Azalea Garden Club was a luncheon held in the home of Mrs. Price, Mrs. P. G. Mathis who gave devotional thoughts.

A paper on "Interesting Places To Visit" was given by Mrs. Baxter Bryan. Preceding the call to order the hostesses served a delicious plate to Mrs. Pauline Allen, Mrs. A. C. Brunson, Sr., Mrs. Baxter Bryan, Mrs. James Engle, Mrs. J. W. Kendrick, Mrs. J. L. Larkins, Mrs. R. N. Lee, Mrs. Nellie Martin, Mrs. P. G. Mathis, Mrs. L. P. Morrow, Mrs.

Cecil Prescott, Mrs. Mayo Prescott, Mrs. Price, Mrs. Sam Sawyer, home of Mrs. Bessie Bullock, Mrs. E. M. Warr, Mrs. Iard, Miss Gladys Clark, J. D. Whitman and Mrs. and Mrs. L. A. Boyd III Paul Windham.

Those attending the delightful affair were Mrs. Billy Sanders, Mrs. Neal Henderson, Mrs. Buddy Harrison, Mrs. Fred Kelley, Mrs. Jimmy Hudson, Mrs. Dill Kelley, Mrs. Franklin Knight, Mrs. Robbie Russell and Mrs. L. E. Johnson.

The luncheon table was artistically decorated with autumn fruits and flowers. The club president, welcomed the fifty members and their guests attending the affair.

Following the meal, Mrs. V. D. McCreary introduced Mrs. T. M. Miller of Dorian, as guest speaker. The topic of Mrs. Miller's interesting and informative talk was Oriental arrangements.

LIKE A MOTH, a young child may be attracted to flickering candle light on the Thanksgiving table. Never leave children alone in a room with lighted candles or a lighted fireplace.

Disorder in the home can also result in accidents. To prevent falls, remove scatter rugs that cannot be firmly anchored. Safeguard from poisoning small children that may be visiting by putting medicines, household chemicals, cleaning agents, and flammable liquids beyond their sight and reach.

A business session was conducted by Mrs. W. H. Taylor, president, prior to the devotionals given by Mrs. Roy Watkins.

Governor Hits Litterbugs Bishop Goodson On Tour Of European Theatre

"Litterbugs," said Governor Albert Brewer, "and their product, are not only unsightly and unlawful, but are causing Alabama to spend an estimated \$350,000 to \$400,000 annually to clean up the State's highways."

The general project plan calls for each participating state to make two litter pickups 30 days apart on each of ten primary highway study sites selected at random. Each study section will be 2 mile in length and will cover the full width of the right of way. Thus, the study data will come from a total of two miles of right of way in each state with 30 participating states, 60 miles of primary highway mileage will be covered in the pickup.

The first pickup to be made by mid-October with the states participating using normal litter collecting procedures.

If an asking Alabama highway users to eliminate highway litter by using the hundreds of litter barrels that have been placed at intervals along the highways. The use of litter barrels will pay off not only in heavy and safety, but in the savings of highway funds that may be used for other purposes," Governor Brewer said.

Alabama Electric Cooperative has energized its first power lines connecting the Alabama Electric system with the new steam plant in the last stages of construction at Leroy, announced Charles Lowman, acting manager of Alabama Electric.

A total of 51 miles of 40KV was energized stretching across the Tom-

liver River and also the Alabama River and connecting with the present Alabama Electric system at Bellville in Conecuh County. A sister 110KV line has been constructed at the same right-of-way can be energized later.

The power supply on the newly constructed line means that the Alabama Electric power plant and various testing facilities at the plant will be served by Alabama Electric - generated power. As soon as the new \$12 million plant is completed, power generated by the Alabama Electric system will flow into the Alabama Electric system through the same lines that are now supplying the construction and testing operation, Alabama Electric officials explained.

Alabama Electric eventually will provide the bulk power supply for Clarke County. Alabama Electric system will stretch from the Georgia to the Mississippi lines.

Alabama Electric is an Andalusia based generation and transmission cooperative which serves municipalities, distribution co-operatives and industries throughout South Alabama and Northwest Florida. It is presently in the midst of a \$20 million expansion which includes the new plant on the Tombigbee, substations and miles of high capacity transmission lines.

Doctor Urges Test For Undetected Diabetes

Pointing out that more than 1,000,000 people in the United States have undetected diabetes, Dr. Louis K. Alpert of the American Diabetes Association announced that special facilities for testing will be available in hundreds of communities November 17-23.

"Diabetes sneaks up on many people. They may have it without showing any symptoms. And if the disorder is allowed to go undetected, possible complications may be coronary disease, hardening of the arteries, cerebral hemorrhage and kidney disease," he explained. The Washington, D. C., physician is chairman of the Association's Committee on Public Education and Detection. He urged that everyone who has not been tested recently should have a blood or urine test during Diabetes Week.

"You can call your physician, the local diabetes association or the medical society." Common symptoms of diabetes are excessive thirst, frequent urination, constant hunger, loss of weight, itching, easy tiring, changes in vision and slow healing of cuts and scratches, but anyone may have diabetes without any of these symptoms.

The earliest the disorder is discovered, the more easily it can be controlled. Dr. Alpert explained, adding that with today's methods of treatment the diabetic can look forward to a full and productive life.

About one out of every twenty persons in the United States either has diabetes or will have it. There is a total of more than 4,000,000 Americans who already are diabetic, including those who are unaware of their condition. And another 5,600,000 persons are potential diabetics; they will develop the disorder during their lifetime.

Scholarships Awards To Journalism Majors

The path for the attainment of a sound literary background for a journalistic career is being cleared by scholarships, awards and other funds offered by the Wall Street Journal to encourage more bright young people to become journalists.

The William Randolph Hearst Foundation has announced its ninth annual journalism awards program providing scholarships and grants totaling \$50,000 to journalism students and successful journalism departments in monthly writing competitions.

Thirty-five college student journalists participate in the fourth annual Intern Prize Competition. The Wall Street Journal of Princeton, New Jersey, with cash awards totaling \$10,000, was established by the Wall Street Journal to encourage more bright young people to become journalists.

Enterprise To Dedicate City Hall

Enterprise's \$1 million Government and Utilities Building stands as a monument of progress in the Wiregrass and the dedication, Sunday, November 24, is expected to attract the most notable group of personalities in local history. Deputy Director Charles Adams of HUD (Housing and Urban Development) will deliver the principal address and the Mayor M. N. (Dug) Brown and city councilmen will act as hosts for the occasion.

Department heads from the Alabama state government, Federal and county authorities, together with a host of area mayors and councilmen in Alabama and Florida, have been invited to attend the special dedicatory program, beginning at 2 p.m.

Miss Rachel Waters, Enterprise city clerk, said invitations have been mailed to 1,000 persons prominent in the fields of education, military, politics, business and news media. Local High School Bands and the local service clubs are assisting with music and decorations.
